إن ما إلترمنا به في السعودية هو التأكّد من عدم وجود نقص في المعروض . لذلك نحن نعمل مع حلفائنا في أوبك والدول غير الأعضاء في أوبك للتأكّد من وجود معروض مستدام لدينا من النفط ., وأنه ليس هناك نقص وأن هناك طلبا جيدا , والذي لن يخلق مشكلات للمستهلكين وخططهم وتنميتهم .

What we have committed ourselves to in Saudi Arabia is to make sure there is no shortage of supply. So we are working with our OPEC allies and non-OPEC countries to make sure we have a sustainable supply of oil, that there is no shortage, and that there is a good demand, which will not create problems for consumers, their plans and their development.
